MEMOIRWELL / ONE ROOM, ONE SCENE

My childhood-home memory map

Choose one room and one period. A numbered text route works as well as a sketch. Blank spaces and question marks belong here.

Place or room _____ Approximate period _____ Note made on _____

1. Sketch a few places, or list them in order

Number up to three points. No scale, exact address or complete floor plan needed.

Start with a doorway, window or usual seat. Or write: 1. doorway; 2. chair; 3. table.

M = my recollection **P** = photograph **T** = someone told me **?** = unknown
These labels describe the source, not how accurate a detail is.

2. Give each point an action and a source note

For P, identify the image. For T, name the person and conversation date. Keep differences visible.

Point	What happened here?	Label + source / uncertainty
1		
2		
3		

3. Choose one scene to write next

Name the point and action. Say if it is a routine or one particular occasion.
